EDUCATION

LNCT University Bhopal, Madhya Pradesh
B.Tech in Computer Science | 2021- 2025
CGPA: 7.71

PROFILE SUMMARY

Enthusiastic and quick-learning Computer Science graduate with a strong foundation in **Java, Android development, and core CS concepts like DSA and OOP**. Built multiple real-time projects using **Firebase and RESTful APIs**. Eager to apply technical skills and grow as a Software Engineer in a dynamic team environment.

SKILLS

- **Programming Languages:** Java, JavaScript(basic)
- **Web Technologies & Frameworks:** HTML, CSS, React.js(basic)
- **Mobile Development:** Android Studio, Firebase
- **Backend Services & Frameworks:** Spring Boot (basic), Firebase, RESTful API
- **Database Management:** MySQL, JDBC
- **Software Tools:** Git, IntelliJ IDEA, Eclipse, Visual Studio Code, Figma, Jira, Linux
- **Core Concepts:** Data Structures & Algorithms, OOP

WORK EXPERIENCE

App Developer | October 2024 – February 2025
Anay Group

- **Engineered** a dating app with modern UI and real-time features, increasing user engagement by 20%.
- Integrated secure authentication mechanisms using **Firebase**.

Trainee Engineer | March 2025 - Present
Evision Technoserve Pvt. Ltd.

- Designed responsive and user-friendly UI/UX prototypes in **Figma**.
- Developed and implemented frontend components using **React.js**, integrating with backend APIs.

PROJECTS

Rider Application | August 2025 – Present
Tools: Java, XML, Firebase, Android Studio

- Developed a ride-hailing Android app enabling users to request rides, view driver locations in real-time, and track trip status.
- Integrated Firebase for real-time database management and secure user authentication.
- Designed intuitive UI for smooth navigation between ride selection, tracking, and ride history.

Video meeting Application (GitHub) | March 2025
Tools: Jitsi SDK, Java, XML, Android Studio

- Built a video meeting app using Jitsi SDK and Java in Android Studio.
- Enabled real-time video calls with features like join/create meeting and mute/unmute.

News Droid (GitHub) | June 2024 – July 2024
Tools: Java, XML, Android Studio

- Developed a real-time news app integrating APIs for live updates.
- Implemented efficient API integration to fetch and display news.

ACADEMIC ACHEIVEMENTS

- Earned a certification in **Android App Development** from Udemy.
- Earned a certification in **Java for Android** from Coursera.
- Earned a certification in **Programming using Java** from Infosys.
